Double Learner Pass Rates

with SonoSim's SPI Test Prep

Passing the SPI exam is a critical milestone for both students and DMS program accreditation. Learners come from diverse educational backgrounds and need test preparation that accommodates varying levels of baseline knowledge and learning styles. SonoSim adeptly fills today's learners' needs & preferences and doubles their chances of success.

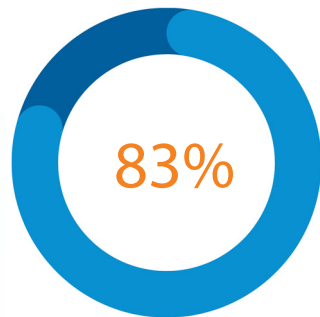

Key Elements of SonoSim SPI Test Prep

- ✓ Mock SPI Test Prep Exams: Provides your students unlimited, randomized, weighted, & dynamically generated Exams
- ✓ Interactive Quizzes: Focused practice on areas that need improvement
- ✓ Anytime, Anywhere Access: Give learners unlimited access to practice on any device
- ✓ Extensive & Comprehensive: 1,500 questions and detailed answer explanations meticulously mapped to comprehensively cover the latest* SPI Test requirements
- ✓ Peer-Reviewed: A rigorous peer-review process involves subject matter experts, including leading ultrasound biophysicists and ARDMS-certified sonographers

Learners Love It & It Doubles Their Success Rate

Since its launch in 2023, nearly 128,000 quizzes and mastery tests have been taken. Data shows that learners using SPI Test Prep more than doubled their likelihood of passing vs. the national average.

Positive Feedback!

83% of DMS students saw a positive impact on test preparation.
